

LATEST UPDATE – June 2016

From 1 July 2016 ASIC fees for many standard lodgements will increase. Below we list our amended prices for some of our more popular services. Most of our prices remain unchanged and accordingly are not listed. Other than a small increase in the cost of providing an internet company binder or a full internet kit (binder and printout) any increases only reflect the increased ASIC fees. These increases have been made to deflect the higher costs incurred in delivering your company register by post or courier. Our professional fees have remained unchanged.

In particular please note the increase in annual review fees which will apply to all companies with a review date on or after 1 July 2016, irrespective of whether the fee has already been paid. The additional amount outstanding will be noted on the ASIC invoice when it arrives.

We thank you for your continued support this year and look forward to assisting you with your company secretarial needs in the coming financial year.

New Prices from 1 July 2016
